## PERSONAL PROFILE

Front-end engineer specializing in building scalable, high-performance web applications with a strong focus on UI/UX consistency, accessibility, and modern web technologies. Proficient in Javascript, React, Next.js, and modern UI frameworks, with a strong focus on creating seamless user experiences. Led cross-functional teams to ship features 20% faster. Skilled in building and maintaining **design systems** to ensure consistency and efficiency across multiple projects.

---

## EXPERIENCE

### Zedi Africa — Frontend Developer

*December 2023 - Present*

**Technologies:** HTML, CSS, JavaScript, React, Next.js, Astro.js, Tailwind CSS

- Led the development of a next-generation recruiting and hiring platform, resulting in a 30% improvement in load speed and a 50% increase in user engagement.
- Integrated a payment gateway using React and Flutterwave, processing over 1,000 subscriptions, and increasing transaction efficiency and revenue by 11%.
- Designed and implemented a scalable design system for a music marketplace, reducing UI development time by 40% and ensuring brand consistency across 100+ components.
- Integrated advanced **server-side rendering (SSR) and static site generation (SSG)** features for enhanced performance on an e-commerce platform.
- Led the modernization of a legacy codebase, reducing technical debt and increasing maintainability, cutting bug-related issues.
- Mentored junior developers in debugging, reducing recurring issues by 25%.

### GamePride — Frontend Developer

*June 2023 - February 2024*

**Technologies:** React, Next.js, TypeScript, Tailwind CSS, Redux

- Collaborated on developing a gaming platform's frontend, improving real-time interactions and user experience.
- Implemented API integrations for real-time data updates.
- Reduced initial load time by 35% via **lazy loading and caching**.
- Designed and built reusable UI components, reducing development time by 20%.

- Introduced optimizations to reduce infrastructure costs by more than 10%, improving the app's scalability and cost-effectiveness.

## A.B.S Information Technology — Frontend Developer

*December 2022 - August 2023*

**Technologies:** HTML, CSS, JavaScript, React, Next.js, Tailwind CSS

- Developed and maintained the A.B.S admin dashboard, improving usability by 25%.
- Built a **customizable design system** to streamline frontend development.
- Translated UI/UX designs into scalable, maintainable code.
- Implemented performance optimizations, reducing page load times significantly.
- Conducted code reviews and bug fixes to maintain high code quality.

## Quantisland, Singapore — Frontend Developer (Contract)

*June 2022 - December 2022*

**Technologies:** HTML, CSS, JavaScript, React, Tailwind CSS

- Developed a mobile-friendly website for a consulting firm, increasing traffic by 30%.
- Implemented **accessibility best practices** to enhance inclusivity and usability.
- Ensured SEO optimization for improved search rankings.
- Collaborated with software engineers, UI/UX designers, and project managers to develop new features, reducing time-to-market for features.

## Goriite Digitals — Junior Frontend Developer

*December 2021 - June 2022*

**Technologies:** HTML, CSS, JavaScript, React, Tailwind CSS

- Translated designs into fully functional, responsive web pages.
- Worked with a senior developer to build a new website from scratch.
- Developed reusable and performant code for client and internal projects, reducing development time and improving overall project delivery efficiency.

---

## SKILLS

- **Programming Languages:** HTML, CSS/Sass, JavaScript, TypeScript
  - **Libraries & Frameworks:** React, Next.js, Astro, React Native, Redux, Zustand, TanStack Query, Tailwind CSS, Chakra UI
  - **Performance Optimization:** Lazy loading, memoization, image optimization, code splitting
  - **Design Systems:** Component libraries, UI consistency, scalability, theming, accessibility, and reusability.
  - **Advanced Features:** SSR, SSG, PWA, caching strategies
  - **Tools & Platforms:** Git, Webpack, Netlify, Vercel, Heroku, Firebase
  - **Testing:** Jest, Cypress
-

## **EDUCATION**

**University of Ekiti, Nigeria** — B.Sc. Linguistics

*September 2016 - August 2020*

---

## **LANGUAGES**

English
